Wonderful discovery has been recently made by Dr. Curvis, of this city, in the treatment of Consumption, Asthma, and all disease of the Langs. We refer to Dr. Curtis' Dygeana, or Inhaling Hygean Vuper and Cherry Syrap." With this new method Dr. C. has restored many afflicted ones to perfort health; as an evidence of which he has innumerable certificates. Speaking of the treatment, a physician remarks: It is evident that inh ding-constantly breathing an agreeable, healthy vapor, the medicinal properties must come in direct contact with the whole of the arial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at the druggists throughout the country - New York Tutchman.
